

High-Impact Workforce Investment Boards

Local Technical Assistance Funds Application

For a writeable version of this form, please send request to: Thomas.west@ky.gov

A total of \$200,000 is available for local boards to access technical assistance and support learning between July 7, 2011 and June 30, 2012. \$50,000 will be reserved for statewide technical assistance needs. Each local board will be eligible to receive up to \$15,000, and the local boards are required to match 25% of the total investment in technical assistance. For example, a project which costs \$20,000 can be funded with \$15,000 in grant funds along with \$5,000 of local investment. (For projects costing more than \$20,000, the local WIB must invest at a higher rate). Workforce areas may apply for technical assistance individually, or as consortia to address common needs.
